Description

This comfortable family residence is nestled just above Two Creeks, featuring beautiful views and only 2 minute drive to the 2 Creeks ski lift. The home has 5 bedrooms with 2 master suites and 3 guest bedrooms, all with baths ensuite. Both master baths have double sinks and granite finishes. There is a balcony off the master suite in the upper level and the master downstairs opens to the family room which walks out to a large lawn level patio with hot tub. There is a dry sauna next to the family room. The gourmet kitchen has a subzero refrigerator, Viking range, custom cabinetry and top line appliances. There is a woodburning fireplace in the living room and gas fireplace in the family room. The great room has vaulted ceilings and lichen moss rock walls, a lovely Colorado home. The bedding is Ralph Lauren polo and the home is furnished in a mountain style. A wonderful location, next to a pond stocked with trout for fishing (not catch and release!)
